

Alkerden - Fenster Glazing Proposal and Pricing Review

Budget pricing review from tender schedules. Composite windows are marked up as aluminium per email instruction. No supplier quotation was included, so rates must be supplier-checked before final issue.

Fallback cost ex VAT	Code markup	Labour allowance	Budget sell ex VAT	VAT @20%	Budget inc VAT
GBP 472,357.93	GBP 90,950.00	GBP 25,510.00	GBP 588,817.93	GBP 117,763.59	GBP 706,581.52

Executive summary

Fenster are reviewing Stage 4 Curtain Walling & External Doors tender documents for Alkerden Market Centre, Ebbsfleet. The pack contains architectural window and external door schedules, type elevations, facade setting-out drawings, elevations and fire-stopping drawings, but no supplier quote. This document therefore provides an estimator review and budget schedule using fallback rates, with composite/Velfac windows coded as aluminium for markup as instructed. The output is suitable for Adam to scan, but should not be issued as a fixed tender price until supplier costs and exclusions are confirmed.

Aggregated pricing schedule

Pricing review and risk table

Tender Item	Supplier Reference	Covered	Risk / Query	Action Required
Composite/Velfac windows	Window schedule HX486-HUN-ZZ-ZZ-SH-A-002001	Partial	No supplier quote included. Composite windows marked up as aluminium as instructed.	Send aggregated window schedule to Velfac/composite supplier or Adam to validate rates before final issue.
External aluminium doors ED01-ED10	Door schedule + door type elevations	Partial	Powered opening, SBD/PAS24, acoustic, louvre and M&E free-area requirements need supplier confirmation.	Obtain door supplier quote and ironmongery/access-control confirmation.
Steel/fire-rated doors ED11-ED12	Door schedule shows Sunray/FD120S	Partial	FD120S/fire rating TBC and Sunray/steel louvred doors should not be fixed-price from fallback rates.	Get Sunray/fire-door supplier quote.
ED13 and ED23	Door schedule rows	No	Rows exist but no dimensions/type information extracted from schedule.	Raise RFI or find missing type elevation/schedule issue.
Curtain walling	Folder title says Stage 4 Curtain Walling & External Doors	Partial	No clear curtain wall schedule/supplier quantities found beyond windows/doors.	Ask whether curtain walling is intended as separate CW package or covered by window/door schedules.
Installation/prelims/access	Tender pack only	Partial	Only product-code labour allowance shown; no preliminaries, MEWPs/scaffold, surveys, builders work, sealants/fire stopping quantified.	Adam to add project prelim/access allowances before client issue.

Clarifications and assumptions

- Composite/Velfac windows are marked up using aluminium product codes as instructed.
- No supplier prices were supplied; fallback costs are budget allowances only.
- ED13 and ED23 are not priced because the schedule has no dimensions/type data.
- Fire-rated/louvred/Sunray steel doors require supplier confirmation.
- Curtain walling is not separately priced unless confirmed by further schedule or supplier return.
- Installation/prelims/access/fire stopping/making good are not fully measured and should be reviewed before issue.
