Pricing review and risk table

Tender Item	Supplier Reference	Covered	Risk / Query	Action Required
Aluminium shopfronts W01-W07 incl D01-D05	Bellview quote 0000000428 positions 001-006	Yes	Bellview quote splits entrance into supplier elements; confirm final door/screen handing before order.	Adam to review mapping and issue RFIs if Bellview split conflicts with architect schedule.
Automatic doors	ACA Solutions QU-4030	Yes	ACA automatic/access-related supplier cost is included and now carries 25% markup. Requires 13A switchable spurs/fire interfaces by others.	Check whether any additional access-control hardware/integration is required beyond ACA package.
Steel doors Type A, B, C	Strongdor SQ215074 Rev1	Yes	Steel-specific labour codes not in Adam table; labour equivalents used.	Adam to accept or overwrite labour allowance if Fenster has a steel-door rule.
Roller shutters RS01-RS08	Excluded by instruction	No	Deliberately excluded from this quote as instructed.	State as exclusion; no action unless client later asks Fenster to include shutters.
Builder works/electrical/fire interfaces	Tender/ACA notes	Partial	Power, fire interfaces, supports and making good may sit outside glazing package.	State exclusions clearly and ask MC to confirm responsibilities.
Access control	ACA package marked up; extra access-control hardware TBC	Partial	25% markup has been applied to ACA automatic/access-related supplier cost. Any separate readers/fobs/keypads/controllers/maglocks/cabling/integration not included by ACA remains TBC.	Confirm whether ACA package is sufficient. If extra access-control supplier cost is later received, add cost plus 25% markup.
