

Lyttleton Road (Harrabin) - Proposal and Pricing Review: Aluminium vs uPVC-Window Alternative

Supplier-backed: BSW/Bellview quotation 0000000445 (06/07/2026) prices the whole schedule in **Smart Alitherm 400 HD** heavy-duty aluminium windows and **SMA Smart Wall Pocket** anti-fingertrap doorsets - net GBP33,130.47 less 15% = **Grand Total Net GBP28,160.90** (discounted figures used throughout). Per Adam's instruction the windows are also priced as a **uPVC alternative** from Fenster's supplier-rate register. Doors stay aluminium Smart Wall in both options.

OPTION 1 - all aluminium (as BSW quote)	Option 1 inc VAT	OPTION 2 - uPVC windows + alu doors	Option 2 inc VAT	Client saving (Opt 2)
GBP 43,450.89	GBP 52,141.07	GBP 31,902.00	GBP 38,282.40	GBP 11,548.89

Schedule (13 windows + 4 doorsets)

Ref	Description	Qty	Opt 1 alu sell	Opt 2 uPVC sell	Notes
type a	500 x 2458 window, 6.8 lami/4 tuff safety glass, link vent	4	GBP 5,340.66	GBP 2,116.35	Tall/narrow - see uPVC feasibility note
type b	1200 x 458 top hung	2	GBP 2,229.23	GBP 770.00	Min-frame floor applied in uPVC
type c	1600 x 1908 top hung	2	GBP 3,487.18	GBP 1,618.34	
type d	500 x 808 top hung	1	GBP 1,037.39	GBP 385.00	Min-frame floor in uPVC
type e	3425 x 3100, 2 top hung + 2 fixed, 8.8 lami/6 tuff SG Ug 1.1	2	GBP 8,129.67	GBP 5,427.06	uPVC needs coupling/wind-load check
type f	1200 x 1908 top hung	1	GBP 1,487.11	GBP 718.75	
type g	1600 x 1758 top hung	1	GBP 1,702.44	GBP 829.29	
door a	Double anti-fingertrap 1510 x 2500, Smart Wall Pocket, electric strike + SHAPED/CURVED TOPLIGHT (included, not drawn)	1	GBP 7,043.34	GBP 7,043.34	Sheerline 72mm toplight - trim at Smart Wall 100mm head
door b	Single anti-fingertrap 960 x 2100, concealed panic bar, closer	1	GBP 3,879.76	GBP 3,879.76	
door c	Single anti-fingertrap 1010 x 2100, flat alu panels, panic bar	1	GBP 4,123.99	GBP 4,123.99	
door d	1600 x 2100 fixed field + single anti-fingertrap door, obscure satin glass	1	GBP 4,990.12	GBP 4,990.12	

Technical notes & queries

- **Curved toplight (door a):** included in BSW's price but not drawable in their software. It will be a **Sheerline toplight, 72mm depth, requiring trimming where coupled to the Smart Wall door head (100mm)** - allow for the trim detail at survey and installation.
- **uPVC feasibility:** BSW priced Alitherm 400 HD specifically because the heavy-duty system "allows us to produce these as drawn". Before committing Option 2: type a (500 x 2458) and type e (3425 x 3100) need a uPVC manufacturability and wind-load check (coupled/reinforced frames likely).
- **Project name:** the BSW quote is titled "priory pools community center" - confirm it is the Lyttleton Road schedule before ordering.
- **Colour:** BSW profiles are "BL" (black) but head extensions are listed Anthracite Grey - confirm frame/trim colours match.
- Option 2 window rates are register medians (BSW uPVC casement glazed by size band, 15,551-line register) + GBP25/m2 laminated safety-glass uplift; small frames carry a GBP150 minimum. uPVC windows would need a fresh BSW quote to become supplier-backed.
- Both options: Fenster code markups and labour (windows GBP160/unit, doors GBP250-500, door+screen GBP410). Excluded: scaffold/access by others, electrical connection to the electric strike, structural works.
