

Crownhill Business Centre (Zelltec) - Fenster Glazing Proposal and Pricing Review

Budget pricing review from the Fenster design concept (11 July 2026) and Adam's spec email. No supplier or fabricator costs were available, so every rate is a Fenster budget fallback allowance. Scope: 24 aluminium tilt & turn windows, the main entrance as 2 commercial doorsets around the retained centre post (Smart Wall spec), and 3 steel fire escape doors - 29 frames, matching Adam's email exactly. Solar control glass is included throughout the aluminium items.

Fallback cost ex VAT	Code markup	Labour allowance	Centre post pressing	Budget sell ex VAT	VAT @20%	Budget inc VAT
GBP 73,168.03	GBP 19,000.00	GBP 5,410.00	GBP 200.00	GBP 97,778.03	GBP 19,555.61	GBP 117,333.64

Aggregated pricing schedule

Section	Ref	Description	Qty	Supplier/fallback cost	Code	Markup	Labour	Sell ex VAT	Notes
Aluminium tilt & turn windows	TYPE A	Window 3000 x 1340 mm, three 1000 mm tilt & turn sashes, solar control	18	GBP 52,562.34	MAW	GBP 9,000.00	GBP 2,880.00	GBP 64,442.34	All three sashes assumed opening (RFI 2). Trickle vents included.
Aluminium tilt & turn windows	TYPE B	Window 1000 x 1340 mm, single tilt & turn sash	1	GBP 973.38	SAW	GBP 400.00	GBP 160.00	GBP 1,533.38	Quantity assumed 1 (not printed on concept) - reconciles to 24 windows.
Aluminium tilt & turn windows	TYPE C	Window 1190 x 1190 mm, single tilt & turn sash	1	GBP 1,028.66	SAW	GBP 400.00	GBP 160.00	GBP 1,588.66	Quantity assumed 1 (not printed on concept).
Aluminium tilt & turn windows	TYPE D	Window 900 x 880 mm, single tilt & turn sash	4	GBP 2,301.24	SAW	GBP 1,600.00	GBP 640.00	GBP 4,541.24	
Commercial entrance doorsets	TYPE E.1	Doorset 2140 x 2450 mm: door (1060) + fixed screen (1080), letterplate, pull bar	1	GBP 6,448.90	SADMAW	GBP 1,850.00	GBP 410.00	GBP 8,708.90	Smart Wall commercial spec; 28mm laminated 6.4/18/4 + solar control.
Commercial entrance doorsets	TYPE E.2	Doorset 2140 x 2450 mm: door (1080) + fixed screen (1060), pull bar, letterbox	1	GBP 6,448.90	SADMAW	GBP 1,850.00	GBP 410.00	GBP 8,708.90	Mirror of E.1 around the retained centre post.
Allowances	PRESSING	Supply and fit 200mm aluminium pressing to retained centre post	1	GBP 200.00	-	-	-	GBP 200.00	Fixed allowance per Adam's email.
Steel fire escape doors	TYPE F	Steel doorset 905 x 2090 mm, flat panel, panic bar	2	GBP 2,269.74	SSD	GBP 2,600.00	GBP 500.00	GBP 5,369.74	Priced as standard steel escape doors - fire RATING not stated (RFI 3).
Steel fire escape doors	TYPE G	Steel doorset 905 x 2090 mm, flat panel, panic bar, external access	1	GBP 1,134.87	SSD	GBP 1,300.00	GBP 250.00	GBP 2,684.87	Keyed external hardware assumed; confirm locking arrangement (RFI 4).

Pricing review and risk table

Tender Item	Supplier Reference	Covered	Risk / Query	Action Required
Aluminium tilt & turn windows (24 nr)	None supplied	Partial	No fabricator costs; all sashes assumed opening; solar control priced at GBP 35/m² uplift.	Get fabricator quote; confirm TYPE A sash split and exact Coolite spec.
Main entrance TYPE E (2 doorsets)	None supplied	Partial	Smart Wall commercial spec per Adam; pull bars and letterbox assumed within doorset allowance.	Get Smart Systems fabricator quote; confirm pull bar model and threshold detail.
Centre post pressing	Adam's email	Yes	GBP 200 fixed allowance to fit 200mm aluminium pressing.	None - included.
Steel fire escape doors TYPE F/G	None supplied	Partial	Panic bars included, but no fire RATING stated on the concept; TYPE G needs external access hardware.	Get steel door supplier quote (e.g. Strongdor); confirm certification requirement and TYPE G locking.
Quantities TYPE B/C/G	Concept pages	Partial	No quantity printed for TYPE B, C, G; assumed 1 each (reconciles to Adam's 24/2/3 totals).	Adam to confirm.
Installation/prelims/access	Concept only	Partial	Only product-code labour included; no prelims, access equipment, EPDM/mastic, surveys or attendances.	Adam to add prelims/access; book technical survey before manufacture.

Clarifications and assumptions

- All 24 windows are aluminium tilt & turns (per Adam), anthracite grey, trickle vents, toughened 4/20/4 low-E argon with solar control glass (Coolite-type).
- TYPE E is priced as two separate doorsets (door + flanking screen, code SADMAW) because the centre post stays in; 28mm laminated glass per the concept detail pages.
- Pull bar handles and chrome letterplate are included within the entrance doorset allowances.
- Steel doors are standard steel doorsets with panic bars - certified fire-rated doorsets are excluded until confirmed.
- Excluded: access control/electric locking beyond keyed access, EPDMs, mastic, prelims, scaffold/MEWPs, builders work, removal/disposal of existing frames, automatic door operation, making good.
- Concept dimensions used throughout; the concept itself notes dimensions will vary after technical survey.

RFIs / actions before issue

- RFI 1: Confirm TYPE B, TYPE C and TYPE G quantities (assumed 1 each).
- RFI 2: Confirm TYPE A sash configuration - all three panes opening tilt & turns?
- RFI 3: Confirm whether TYPE F/G must be certified fire-rated doorsets or standard steel escape doors with panic bars.
- RFI 4: Confirm TYPE G external access hardware (keyed cylinder vs access control).
- RFI 5: Confirm exact solar control glass spec (Coolite product/shade).
- Action: obtain fabricator quote (Smart Wall windows/entrance) and steel door supplier quote, then re-price; book technical survey.
